

ACCESS TO THE PARK IMPLIES THE ACCEPTANCE OF THE FOLLOWING RULES

Acrobatic courses at height are a recreational type of activity allowing the participant to walk high up in an autonomous and more or less acrobatic way, on and between trees or other natural and other supports. The course consists of several stages spread over several circuits distinguished by colour codes.

The supplied package includes:

- The supply and the implementation of the participants' individual protection equipment (IPE)
- Description of the activity including instructions on how to use the equipment and general explanations at the beginning of each session
- Use of a test course for user validation by an operator
- The supervision, the possible advice and / or the help needed during the session.

In case of bad weather conditions

(Strong wind, thunderstorm with risk of lightning, gusts of wind)

The management reserves the right to temporarily or permanently evacuate the circuits for your own safety.

- **The access to the installations is forbidden to the public outside opening hours**

Conditions of access to the site (applicable to every person present on the site)

- To have signed, beforehand, a civil liability insurance
- Show vigilance and caution, both towards falling objects and towards the ground and the surrounding vegetation. **(we remind you that the PAH is located in a wooded environment)**
- **Respect the signs, do not disturb the participants by walking or stopping anywhere near the activities and zip wires ending on the ground.**
- Respect the ground markings and paths
- Do not run on the paths
- Respect the environment (no picking plants, flowers etc. or leaving any objects on the ground.
- Do not smoke or light a fire

Adopt a responsible and cautious behavior at all times

Suitable clothing is strongly recommended to take part in the outdoors activities.

Remove any personal item or object susceptible of falling

The management reserves the right to refuse access to the park and to the installations to any person considered not to properly fulfill the conditions presented in the regulations.

Conditions to take part in the activity:

- Participants must be in good health and have no physical or psychological disorders. The activity is prohibited to anybody who has consumed alcohol or any other substance that may alter ones capabilities.
- Have paid for a right of access
- **Participants must have attended the explanations at the beginning of the session and completed the test circuit successfully, which must be validated by an operator: this is a compulsory condition before being able to access the activities.**
- **Minors of 14 years of age or less must be accompanied by a responsible adult at registration. This adult must be present on the site for the duration of the activity**
- For children under 6 years, the presence of a responsible accompanying adult during the activity is mandatory. He will have to follow the safety explanations given at the beginning of the session on how to use the equipment.
- All participants must respect all the instructions
Participants must read and understand the displayed documents concerning:
 - The safety instructions and explanations for the equipment to be used.
 - The different markings and signs that were explained to you at the beginning of the session for an independent use of the activity
- Follow and respect the instructions at the individual activities including specific progression instructions and specific safety instructions.

- Respect the number of people authorized any one time on each activity and on each platform

- The use of a mobile phone is forbidden during the activity.

**YOU DO THE VARIOUS CIRCUITS AUTONOMOUSLY:
YOU ARE RESPONSIBLE FOR YOUR OWN SAFETY**

- Each client is equipped - by us – with safety equipment provided by us and checked before each departure. All equipment removed and / or given in must be controlled by an operator. The use of equipment other than that provided by the operator is not allowed.
- **Any person, who, at the end of the safety explanations, does not feel physically or mentally able to independently and correctly handle the manipulations necessary to evolve throughout the different stages, must not proceed with the activity.**
- This also goes for any person who failed to successfully complete the test circuit.
- Permanent and continuous auto belay is mandatory (life lines, safety loops, or any other specified item).
- It is strictly forbidden to interrupt and / or leave a circuit without the permission and assistance of an operator.
- In case of problem, warn an operator by any method practical

The direction reserves the right

- . To exclude any person not respecting the instructions
- . Or behaving dangerously towards oneself or others.
- . Or being disrespectful towards other people, the facilities or the environment
- . To take or to enforce any decision which would seem justified.

**THE ORGANIZER COMPANY PROVIDES NO LIABILITY FOR NON
COMPLIANCE OF THE SAFETY INSTRUCTIONS
OR THE PRESENT PROCEDURE RULES**

At The 2012
